List of Electives offered by IT Department (Revised from 2018-19)

Open Elective	Elective I	Elective II	Elective III	Elective III Lab
Semester - VI	Semester - VII	Semester - VIII	Semester - VIII	Semester - VIII
OE641 Web Technology	IT714 Artificial Intelligence	IT813 Soft Computing	IT814 Parallel Computing	IT816 Parallel Computing Lab
	IT724 Mobile Computing	IT823 Bioinformatics	IT824 Ethical Hacking and Digital Forensics	IT826 Ethical Hacking and Digital Forensics Lab
	IT734 Human Computer Interface	IT833 Enterprise Resource Planning	IT834 Gaming Architecture and Design	IT836 Gaming Architecture and Design Lab
		IT843 Science of Design		

Self-study:

Self study is study of something by the student himself/herself through books, reports, online resources, etc. without direct supervision of a teacher. It is a way of studying and figuring out things by one's own efforts. In the autonomous syllabus, it is proposed to incorporate this technique and the guidelines for implementing the same are as under.

1. The subject teacher should identify a part of a unit of the syllabus and distribute the same amongst individual students or groups of students as self study material.
- 2 The students will present the self study material before other students and faculty and will be assessed on the basis of their comprehension and presentation.
- 3 This will form a part of the teacher assessment (TA).
- 4 Record of the same is kept by the concerned teacher.
