

# **GOVERNMENT COLLEGE OF ENGINEERING,KARAD**

## **DEPARTMENT OF ELECTRICAL ENGINEERING**

### **EESA (Electrical Engineering Student Association)**

EESA is Electrical Engineering student Association. It is an association by students of the electrical & for the students formed long back in year 1991.EESA tries to provide a platform for the students to motivate the spark of their personality under the guidance & president ship of our Principal Hon.Dr.A.T.Pise & our Head of Dept.Dr.P.M.Joshi

EESA Library books:-

There are about 500 books available in the library. From last two years new books for B.E.(Electrical)round about 50 books are added in the library. Also seminars on various topics (around 150) are available for reading. Study material for GATE Exam is available.

#### **EESA Activities**

1. Every year EESA inauguration with new committee members & FE welcome.
2. Celebration of Teachers & Engineers Day.
3. To conduct Aptitude Test & General Knowledge for all students of Electrical.
4. To provide platform for group discussion for TE & BE students.
5. Fundamental objective test for FE Students.
6. ELECTRIKA (Departmental Project Competition)

Departmental Technical Symposium

“ELECTRIKA” is being organized by the students of Electrical department of our college since last three years. It is only because of the priceless, moral and financial support of the cooperative industrialists like you that “ELECTRIKA” a rose bud of yesterday has bloomed into a fragrant rose today. With renewed vigor and enthusiasm we have been providing a platform to the innovative minds of today to prove themselves as responsible engineers of the 21st century.

We, the students of this institute, though our hard work and willingness to achieve the best, have carried this brainchild of ours from university level to state level and now to a National level. This program, which provides an opportunity for exposure of the meticulously carried ideas of the blooming technocrats through various technical events, has many more face of advantages, the greatest being the ability to enkindle the flame of enthusiasm and innovation in heart of the students.

Aavishkar is a National level symposium. It conducts departmental technical activities every year.

Sr.	Events	Year 2016	Year 2017	Year 2018	Year 2019
1	PRO-KALP	Innovation Beyond Imagination. Number of Participants=90	Project competition for Electrical, Electronics, ENTC & Instrumentation field. Number of Participants=100	Project competition for Electrical, Electronics, ENTC & Instrumentation field. Number of Participants=110	Project competition for Electrical, Electronics.
2	TECHNO-CRUX	Technical Paper Presentation. Number of Participants=80	Technical Paper Presentation Number of Participants=50	Technical Paper Presentation Number of Participants=60	Technical Paper Presentation Number of Participants=20
3	Quick-Q	A Quiz Competition. To examine general knowledge & social awareness of students. Number of Participants=80	Number of Participants=60	Number of Participants=50	Number of Participants=60
4	Rally Race	Robot Race. Controlling the controller. Number of Participants=20	Robot Race. Controlling the controller. Number of Participants=10	Robot Race. Controlling the controller. Number of Participants=07	Robot Race. Controlling the controller. Number of Participants=05
5	Final Destination	Contraption until the end. Students can	Number of Participants=05		

		show their creativities and its implementation. Number of Participants=10		Number of Participants=10	Number of Participants=07
6	$\mu$ -code & Micro processor & Microcontroller programming.	Students can able to understand basics of $\mu$ - code. Number of Participants=80	Students can able to understand basics of $\mu$ -code. Number of Participants=60	Students can able to understand basics of $\mu$ - code. Number of Participants=70	Number of Participants=50
