## FOREIGN LANGUAGE CLUB

Foreign Language Club organizes different language sessions for students. This club brings students together who want to learn new languages. Learning process includes traditional lessons, presentations, videos, music, and conversations between students. Consequently, regular weekly sessions were organized to hold these activities.

The students were able to achieve remarkable enhancement on their linguistic skills especially those of reading, writing and speaking in addition to acquiring and improving other personal skills. The most important reason is that they offer learners a chance to practice language by actually speaking it. There are other advantages, too. Foreign language club is less formal than a classroom setting. Many learners find them more fun than usual classes.

## WHY SPANISH?

Spanish is one of the most popular languages for people to try, learn and most commonly spoken language. Spanish language sounds beautiful and it even feels good to speak. This language will expand entertainment options and boosts employment prospects as well. Being able to speak Spanish greatly enhances resume. The bilingual people are more competitive in the workspace.

We can travel to a Spanish-speaking country and really get to know the culture. Learning a foreign language actually helps keep your memory sharp. It will open new opportunities for work, new opportunities for adventure, new opportunities for love, new opportunities for self-discovery or new opportunities for growth.

## SPANISH LANGUAGE SESSIONS

Foreign Language Club organises Spanish language sessions for the students to have great command on respective language. The first Spanish language session was held on 8<sup>th</sup> February, 2020. There were about 21 sessions successfully completed till date 29/07/2020. The sessions includes best practices of learning Spanish with great enthusiasm. Total 17 students are taking benefits of this great initiative.
