

Budget: Rural Development

1. Digital Literacy and promotion of agricultural products : Rs. 10.00 lacks
2. Built Entrepreneurs through Skill Development : Rs. 5.00 lacks
3. Ground water recharging, rain water Harvesting and water audit : Rs. 10.00 lacks
4. Alternative to electricity via conventional and renewable energy : Rs. 6.00 lacks
5. Environment, drainage and health awareness including tree plantation : Rs. 10.00 lacks
6. Technology transfer through CSP : Rs. 3.00 lacks
7. Miscellaneous and stationary : Rs. 1.00 lacks

Total Amount: 46 lacks (Forty Six lacks only)

Cheque should be drawn in favour of

ABOUT INSTITUTE

Government College of Engineering Karad is a premier autonomous technical institute in Western Maharashtra established in 1960 and affiliated to Shivaji University, Kolhapur and is acting as a vital education center from the last 56 years. GCE, Karad has always shown responsible commitment towards society and has worked consciously to solve techno-social issues of the society by implementing self-sustainable solutions. NSS wing of GCEK work relentlessly to bring social awareness as well as help the needy. NSS's social conscience is the reason why it has been awarded by "Best NSS unit and Best Program Officer" 2nd award for year 2015-16 by Shivaji University Kolhapur. To widen horizon GCEK has introduced compulsory Audit course to all students containing NSS/NCC/CSP.

Principal's Message

Our institute is already doing most of the activities, included in Unnat Bharat Abhiyan, since located in rural area. It is our ardent desire and humble commitment to sensitize each and every student and faculty of the institute to contribute restlessly to bring our PM's dream true and make our villages Ideal Villages (Adarsh Gram).

GCEKians will set a mile stone by not only bringing awareness but giving techno-social contribution to uplift villages at par with cities, to get rid of issues like migration. My best wishes to all dear students and staff.

Unnat Bharat Abhiyan

Unnat Bharat Abhiyan (UBA) mechanism of the Ministry of Human Resource Development, Government of India, whose vision is to bring about 'transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India.' It's mandate is to build an independent and public knowledge infrastructure for the state of Maharashtra which will bring socio-economic and cultural development for its people, especially those in the bottom 80% of the socio-economic strata.

GCEK's social conscience is the reason why it has been selected by the Union government to be a part of the Unnat Bharat Abhiyan and institute has adopted 8 villages around Karad to make them Adarsh Gram.

GCEK has always shown sensitive and sincere social commitment with innovative and economical solutions like "Tyre Type Bandhara" and "Earthquake Resistant Load-Bearing Structure".

Recently GCEK has identified 8 villages in and around Karad for this noble cause.

1. Vasantgad 2. Saidapur 3. Koparde 4. Parle
5. Banwadi 6. Goware 7. Hajarmachi 8. Tembhur

Problems with Identified Areas

- **Water** – Bandhara, water recharge, audit & awareness
- **Energy** – Electricity, Solar, Wind and its awareness
- **Drainage** – Awareness of need, cleanliness
- **Health** – Rural health, pregnant women & infants
- **Transportation & communication** – Roads & traffic
- **Environment** – Plantation, cleanliness, hygiene
- **Digital literacy** – computer & mobile literacy, internet
- **Entrepreneurship** – opportunities and road map
- **Skill Development** – Mobile repair, Automobile maintenance

Scope of Work

1. Awareness
2. Feasibility study
3. Feasibility and assessment
4. Logistic and Planning
5. QoS Analysis
6. Assessment and Analysis
7. Assessment and Design
8. Analysis and Design
9. Third Party Audit
